- Important dates
- Events

Dear Parents/Carers,
Welcome everyone to the latest edition of the newsletter and we hope that we find you well and rested. **This term is quite a short one** due to a very **early Easter** and our pupils in **Year 2 and Year 6** in particular will be **working hard** over the next few months to get themselves **ready for end of Key Stage tests**. You will have the opportunity shortly to talk to class teachers about **the progress your children are making against the new National Curriculum at parents evening**. Details of which will be sent out shortly.
Best wishes
Mr Lee Kilkenny
Headteacher
Miss Emma Thickens

Medication

If your child has a **medical condition** that may require administration in school, **such as an inhaler**, please ensure **there is a supply in school**. This is not only the case as a matter of course, should it be required any time during the school day, but we will not be able to take children on school outings or to events unless the medication he/she requires is available for the member of staff in charge to take along. We take such medication with us whenever we are off school premises. Eg: going to Church, walking round the Village, sports events etc..

After School Clubs

If your child is taking part in **outdoor after school sports clubs**, please can you send in plenty of warm clothes and an old coat (they are likely to get very muddy)

As part of our **rigorous safeguarding** - if you wish to observe your children taking part in clubs in the school grounds, **please can you report to the school office to sign in**. This will ensure that only authorized people are on school premises and enable Mrs Harvey to inform the Top Score staff. Thank you for your continued cooperation

PTO

Dates
