Church of England Academy Trust

AUSTREY C.E. PRIMARY SCHOOL

CHARGES AND REMISSIONS POLICY

Education during school hours is mainly free, but we may seek voluntary contributions for activities intended to enhance learning opportunities.

Participation in activities funded by voluntary contributions is not restricted to those able or willing to pay.

Parents are not requested to pay for or supply materials, books or equipment for use in school time.

Contributions on a voluntary basis are acceptable and fund raising is still a great asset to provisions in school.

Parents are requested to make “voluntary contributions” to pay for activities like:

- specific sports coaching
- swimming
- school educational outings
- visiting performers
- transport to venues for educational purposes

Activities provided outside normal school hours e.g. after school clubs, are chargeable, which pay the fees of the trainers.

Without these contributions, it is not possible for school to provide these valuable experiences for our children and parental support is greatly appreciated.

This charges and remissions policy statement is printed in our school brochure.

This policy has been written in consultation with staff and governors and is reviewed on a regular basis
