

This half term our Christian value is **Hope**, which is one of our schools key Christian values. Hope is a desire for a particular outcome. However, Christian hope is more than a desire; it is based upon a certainty of a God who never changes. Christian hope is not wishful thinking but a firm assurance that God can be relied upon. There is underlying confidence that God is a 'mighty rock', 'a shelter in the time of storm' and one whose promises can be trusted (Isaiah 32.2).

HOPE

With God's love:

We enable healing, repair and renewal, coping wisely when things go wrong, widening our horizons, raising aspirations and guiding everyone into ways of fulfilment.

"God says, I know what I am doing. I have it all planned out; plans to take care of you, not abandon you.; plans to give you the future you hope for."

Jeremiah 29:11
